

Willow Class remote learning this week

Practise spellings for the week

Amplify, solidify, signify, falsify, glorify, notify, testify, purify, intensify, classify and use the homophones there, their, they're, who's and whose in your own sentences to clarify the difference in the meaning.

WOW: Use a dictionary to find the meaning of the word **widespread** and use it in a sentence. The idiomatic phrase of the week is to **miss the boat**. It means to be too late and miss the deadline to do something. Use it in your own sentence.

Reading is a must to do activity. No negotiations:

Complete a reading and a vocabulary lesson on Reading Plus every day. I shall be monitoring it. Also read your home reading book for at least 45 minutes each day and summarise what you have read to send to me.

English:

- Develop interviewing skills.
Write some interesting questions to interview your adults at home about their life. Write down your questions and their responses to send to me by email.
- Next you may want to role play as a famous singer, actor, author or a sports personality and interview them with the help of your adults. Again, you need to write down some questions before hand to ask them. Then role play it and write down the responses.

Maths:

- Revise your 6, 7, 8 and 9 times tables. I need you to be a master at it by revising these every day.
 - Use the maths sheet attached. Go to <https://vimeo.com/518173692> and watch the matching video for guidance.
 - To enrich your experience, complete an activity of your choice from <https://nrich.maths.org/14580>
- Complete all your homework tasks.
 - **Be a world explorer:** Choose a country to find information about. Find out the physical geographical and human geographical features of the place e.g. which continent is it in, the capital, currency, population, flag, neighbouring countries, rivers, mountains and other geographical features, customs, religions and language of that country. Design a poster, a booklet or a power point presentation to share the information with me and your peers in school.

Design a physical workout activity to time yourself doing it and record it. Repeat at different times during the day each day. Share your pictures with me via email.

You may submit all tasks in **one email** please and I shall try to reply in due time. Thanks for your understanding and patience and please contact the office for any immediate queries.
