

Watlington Community Primary School

Acorn Remote Learning 25.03.2022

Maths:

Please follow the link to access the video and worksheet to allow children to practice counting to 6.

<https://classroom.thenational.academy/lessons/to-count-six-objects-reliably-61k6cc>

English:

Reading: Allow your child some time on Reading Eggs. I would suggest no more than 15 minutes. You may also want to share a book with your child.

Handwriting: Please see the attached Letter Join sheet for children to practise their handwriting using their phonics words. Please make sure that the letter sit on the line and that ascenders and descenders are clear.

Understanding of the World

Take time to enjoy bug hunts around your setting and local green spaces. Encourage children to explore different places, including looking down low, underneath objects and digging in the soil. You might even want to take a few photographs of the minibeast that you find.

Art

Draw pictures of the minibeast found on your bug hunt.
